Dear Ms. Christie:

Ref: Professional References for Vessel Simulation Services (RTQ-01233)

I am pleased to provide a recommendation for the Maritime Institute of Technology and Graduate Studies (MITAGS).

The Bermuda Government Department of Marine & Ports Services has worked with the MMP MATES Program, undertaking business at MITAGS, on numerous vessel simulation projects, including port development, over the years. We have found their staff to be very professional, and the quality of the simulation facilities to be among the best in the United States. I would highly recommend them to facilitate your vessel simulation projects.

If you have any questions, please feel free to contact me.

Yours sincerely,

Captain Rudolph W. Cann
Director
